

Hi Tim,

Thank you for calling back today, it was nice speaking with you. I'm glad you all had a good time on the Salmon!

This email is to summarize what we discussed today during your 30-Day Confirmation. As a reminder, the physical work of putting together your trip starts now so changes to your menu at this point might not be possible to accommodate, changes that result in re-doing completed work could result in upcharges and dropping gear that cannot be re-rented may not be refunded. With that said, here is what we discussed:

Hotel: The group is staying at the Aspen Inn. I will let you know in your Rig Day email if we will plan to meet you there at 8:30am on Rig Day, 9/13/22, or if we will have you come to Canyon REO for orientations.

Shuttle and Exchange: One client vehicle will be shuttled same day from Lee's Ferry to Flagstaff. The owner of that vehicle should be ready to release it between 12-1pm on rig day. 6 client vehicles will be shuttled to Pearce Ferry for your take-out. 7 vehicles are being stored at our offsite lot during your trip. There is no Phantom exchange.

Group Transportation: 15 clients will ride in the REO equipment truck and van to Lee's Ferry for put in. We will meet Tom at Lee's Ferry around noon. For takeout, we will meet the group at Pearce Ferry at 11am on 10/4. Two clients will ride in the REO equipment truck and/or chase vehicle from Pearce Ferry to Flagstaff after your take-out.

of People: 16 all the way

Equipment: Correct on current invoice

Menu: Confirmed

Rig Day Dinner: 6:30pm at Marble Canyon Lodge. The REO van will transport your group to and from dinner.

Next Steps: Here is what needs to happen in the lead up to your launch.

Permit and Participant List: Please send us a copy of the one-page park permit and your participant list (PDF preferred).

Waivers: We are sending you a separate email with a link to our online waiver. Please forward this to everyone and have them fill it out before Rig Day.

Personal Rentals and Vehicle Storage: Anyone who still needs personal rentals or to submit vehicle information should do this as soon as possible.

Final Payment: Your final invoice is attached. Please remit payment on or around Wednesday, August 31st. Thank you!

Rig Day Email: One week before launch, we will send you a rig day email with an itinerary for 9/13 & 9/14. Please share this with your group members so everyone knows the schedule.

That should cover everything! If you have any questions, please don't hesitate to reach out. Until then, happy prepping!

Laura Doll
